3. FINANCIAL MATTERS

a. Reserve Study

Carlos Flores presented to the Board about the Reserve Study, and answered questions regarding Reserve Study Planning ahead of 2026. Flores advised the Board on various ways in which they can best establish a healthy Reserve. These ways included: a 20% increase to dues over the next four years, reviewing the current Reserve Study and completing inspections on association components with no or little remaining life to clarify if maintenance on these items can be extended or reprioritized, and identifying high cost or big-ticket items and completing maintenance on these items in phases to avoid a special assessment. These items were identified as Roofs, Asphalt repair, and the PSL project.

Flores and the Board worked with an automated Reserve Study planning software to illustrate possible paths the Board could take to finalize the Reserve Study.

The Board thanked Flores for his time. Vice President Sims motioned to table voting on the Reserve Study, pending a second special meeting with President Mihin present. Treasurer Gillula seconded the motion.

VOTE: 3 in favor (Sims, Wright, Gillula); none opposed; motion passed.
